

## About Anusandhan

Theme: Sustainable Development Goals (SDGs)

Anusandhan is a fair of multidisciplinary research and innovation of IIT Mandi, which aims to open a pathway for collaborative research and innovative ideas among the research community at an international level for the welfare of society and sustainable development of resources.

The Fair provides an opportunity for students, scholars, experts, faculties, and industries to come together under a single roof for the nation's development through the paths of ongoing research in variegated streams, making it a platform of large possibilities for societal welfare and policy making.

**Day 1:** Inauguration & Key note addresses

**Day 2:** Plenary talk and panels

**Day 3:** 3MT, exhibition and felicitation
